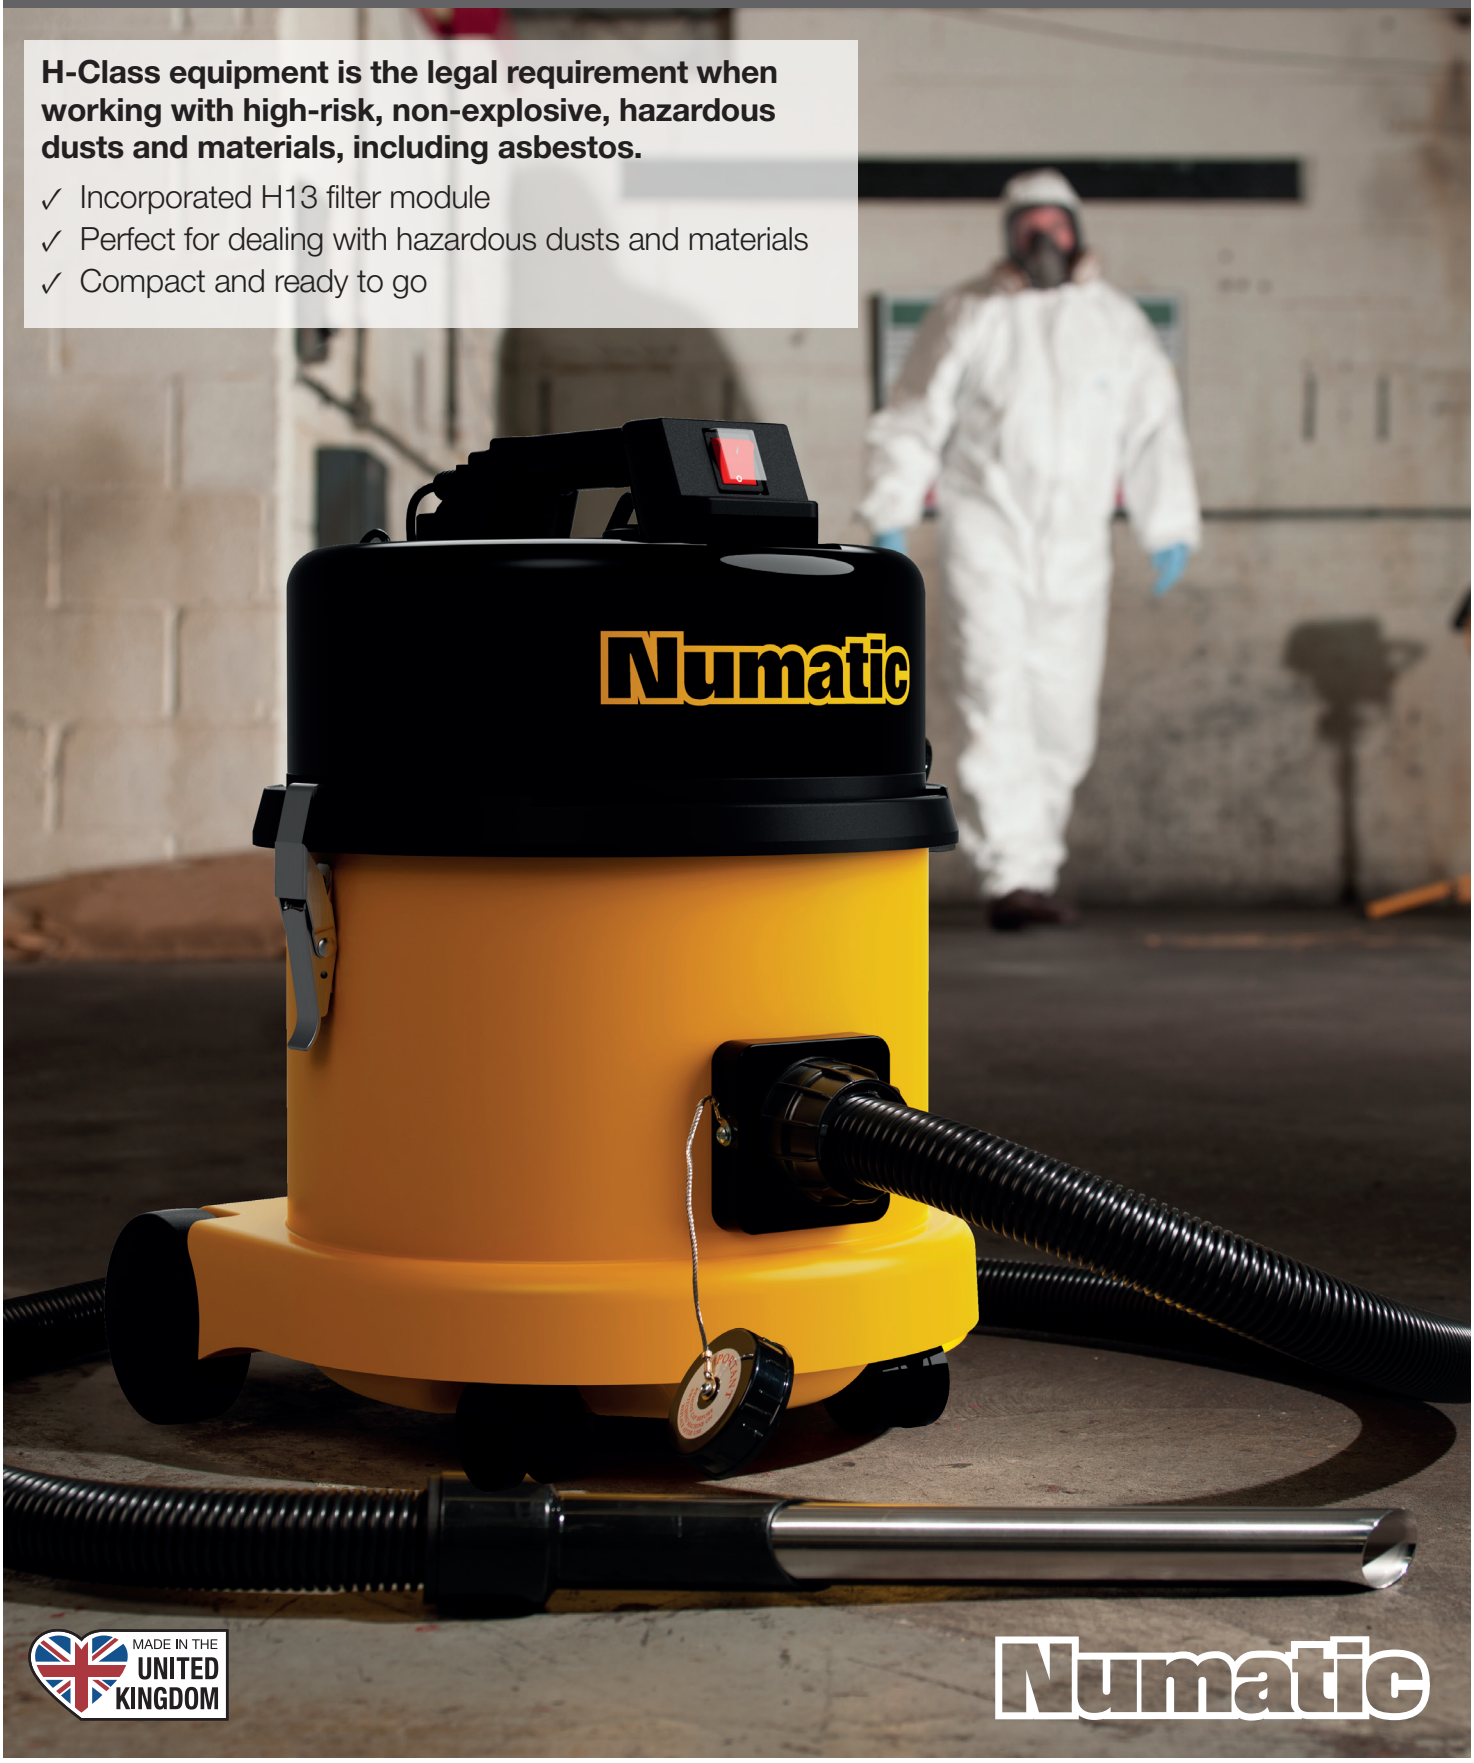
- ✓ Incorporated H13 filter module
- ✓ Perfect for dealing with hazardous dusts and materials
- ✓ Compact and ready to go



MADE IN THE UNITED KINGDOM

Numatic

Why Buy HZ370

ProCare

The HZ370 forms a valuable part of any environment where the control of hazardous and health endangering dusts is required.

With a compact 370 container design, the HZ370 can be neatly stored away and ready when you need it.

- H-Class Compliant
  Engineered to meet the legal requirements when working with high-risk, non-explosive, hazardous dusts and materials, including asbestos.
- Compact & Ready
  The compact design is easily stored away and always on-hand when you need it.
- Take Control
  The HEPA filter unit is mounted in an all-steel, secure module with a separate primary pre-filter in the container itself.
- High Efficiency
  Engineered with an advanced filtration system, including HEPA13 filter, TriTex filter and HepaFlo filter bags.
- Powerful & Professional
  In it for the long-haul, the machine's powerful long-life 960W motor is proven to deliver powerful, professional and efficient results.

Powerful Motor

Tested for a minimum of 1600 hours' continuous life, delivering powerful, efficient and long-life cleaning performance.

HEPA13 Filter Cartridge

Certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency. Our most advanced filtration in the Numatic commercial vacuum series.

TriTex Filter

Traps fine dust within its high-efficiency, triple-layer membrane.

HepaFlo Filter Bag

3-layers of high-efficiency filter material and unique self-seal tab trap and retain fine dust during vacuuming and emptying.

Built to Last

Tested beyond industry standards, delivering performance you can trust from the UK's most reliable vacuum brand.

Kit AA18

Specifications

Model	Capacity	Power Cord	Motor	Weight	Cleaning Range	Suction H_2O	Motor Airflow	Filtration Class	H-Class Compliant	Dimensions (WxLxH)	Kit
HZ370	15L	10m	960W	11Kg	26.8m	2500mm	48L / sec	Type H13 (EN1822)	IEC/EN 60335-2-69	355x355x570mm	AA18

Please Note: Local regulations, safety standards and usage instructions must be upheld in order to ensure complete safety of use and fully meet the requirements of working with H-Class dusts and materials. Always seek expert advice and conduct a thorough risk assessment before use.
