Why Buy NBV240NX HEPA

CleanCare

Built on the proven performance of the NX300 range, the NBV240NX-H takes filtration to the next level with a HEPA14 system, our most advanced filtration in the Numatic vacuum series.

Its 3-stage HEPA filtration delivers certified operational performance down to 0.3 microns, helping capture fine particles without compromising power or airflow.

Designed to meet BS EN ISO 14644-1 Class 5 cleanroom standards, the NBV240NX-H is ideally suited to environments where enhanced hygiene and air quality are critical.

With up to 80 minutes of cordless runtime, the compact NBV240NX-H delivers a 40% increase in airflow and suction, enabling faster, more efficient cleaning. Perfect for daytime operation and busy public spaces, it boosts productivity while supporting safer cleaning practices, making it an excellent choice for healthcare and other filtration-sensitive environments.

Perfect for daytime operation and busy public spaces, it boosts productivity while supporting safer cleaning practices, making it an excellent choice for healthcare and other filtration-sensitive environments.

Key Features & Benefits

Advanced Filtration
A long-life, washable HEPA14 filter delivers our highest level of filtration where it matters most. HEPA14 is 10x better than HEPA13, providing 99.995% filtration at 0.3 microns.

Cleanroom Specification
Designed to meet the internationally recognised ISO 5 cleanroom filtration classification.

Cordless Freedom
Market-leading runtime of up to 80 minutes delivering consistent, powerful performance.

Powerful Cleaning
A high-performance 350W digital brushless motor delivers up to 40% more airflow and suction for faster, deeper cleaning.

One-Fits-All Productivity
The NX300 Pro Cordless Network brings professional cordless convenience across a growing battery-powered range.

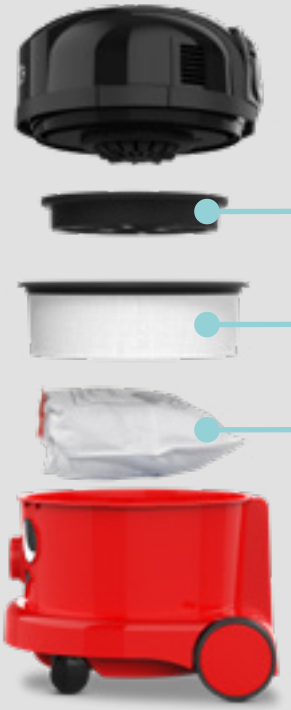

Extended Long-life Power
Built for the long haul, the NX300 Battery is engineered and tested for commercial use, delivering over 2,500 charge cycles. Backed by a 3-year battery warranty, it provides real peace of mind for you and your Pro Cordless Network.

Safer Cleaning
No cable helps minimise the risk of slips, trips and falls. Ideal for day cleaning and high-footfall public areas.

Keep Cleaning for Longer
The off-board NX Quick Charge Station recharges to 80% in just 1 hour, helping keep downtime to a minimum.

Filtration Features

HEPA14 Filter Cartridge
Certified HEPA14 filtration down to 0.3 microns at 99.995% efficiency. Our most advanced filtration in the Numatic series.

High-Efficiency TriTex Filter
Traps fine dust within its high-efficiency, triple-layer membrane.

Triple-Layer HepaFlo Filter Bag
3-layers of high-efficiency filter material and unique self-seal tab, allowing for easy, clean and hygienic emptying.

Kit AS55
