Why Buy PPR370 HEPA ReFlo

A professional, tough and versatile workhorse, the PPR370 HEPA ReFlo plugged rewind is packed full of innovative features.

The perfect all-rounder with a high-efficiency, long-life motor with super long reach, rewind 12.5m cable, bumper for wall and door protection and a unique plugged cable rewind system allows simple cable replacement if needed.

Its 3-stage HEPA filtration delivers certified operational performance down to 0.3 microns, helping capture the particles without compromising power or airflow. Conforming to BS EN ISO 14644-1 Class 5 cleanroom standards, the PPR370 HEPA ReFlo is ideally suited to environments where enhanced hygiene and air quality are critical.

Enhanced Sustainability

Made using a minimum 26% recycled plastic* using our innovative, ReFlo Technology. Reducing the use of virgin plastic wherever possible, whilst maintaining the same quality and durability in our products. ReFlo Technology uses high-quality recycled post industrial and post-consumer plastics across the Numatic range.

Key Features & Benefits

Built Smarter
Made using a minimum 26% recycled plastic*, including accessories.

Handy Cable Replacement
NuCable system for quick and easy changing of cable.

Stay Cleaning for Longer
Huge 15L capacity, less time emptying, more time cleaning.

Certified HEPA14 Filtration
Certified HEPA14 filtration down to 0.3 microns at 99.995% efficiency.
